www.ltl.org.uk/training-and-events

Transformative outdoor learning and play training, events and consultancy for teachers, educators, practitioners and leaders.

Our outdoor training and consultancy services are led by specialists with extensive experience working in school grounds, early years settings and local greenspaces.

We are passionate about the benefits of time spent outdoors and knowledgeable about the challenges faced by educational settings and busy professionals.

From twilight sessions to our year-long programmes and bespoke whole-setting consultancy packages, our training includes resources and materials to ensure that participants are fully supported to lead curriculum-linked outdoor learning and play.

Whether you are at the beginning of your career, looking to deepen your skills or are inspired to lead a whole-school transformation to outdoor learning and play, we can help.

Twilight sessions start at £315 + VAT and we can work with you to develop a bespoke package of training and consultancy from £580 + VAT per day.

Visit us at www.ltl.org.uk/training-and-events or contact us to discuss:

- Curriculum-linked outdoor learning and play for early years, primary and secondary
- Inspiring staff confidence in teaching and learning outdoors
- Enabling daily nature connection
- Understanding and managing risk
- Advisory visits for schools and early years settings
- Design and use of school grounds and early years settings
- Conferences and events
- Whole-school culture change
- Accreditation for independent outdoor experts
