

## Happy By Nature Fund Round 2

### PDF Copy of Questions

Do NOT complete this form; all applicants must apply by 11:59pm on Sunday 21 June via a digital form: <https://form.jotform.com/261553718484364>

*Please prepare 3 photos of your site before completing the application form*

- Confirm you have read the Project Guide before proceeding with this application
- Eligibility
- School name:
- School postcode:
- School address:
- Lead contact name:
- Lead contact email address:
- Lead contact phone number:
- SLT member name:
- SLT member email address:
- SLT member phone number:
- What is your current school roll number:
- How many pupils qualify for the pupil premium payment (England), pupil development grant (Wales), free school meals (NI) or for pupil equity funding (Scotland)? If not sure, please type "Don't know."
- How many pupils are on the SEN/ASN register?
- What is your school Local Education Authority?
- Type of school:
- Location of School:
- Approximately when was the main school building built?
- Please upload 3 photos of your site
- To what extent does your school work with local community groups (for example, volunteer-led Allotment groups, Brownies or Scouts, or external community providers such as Forest Schools) specifically to make use of your school grounds?
- Is there scope for Happy By Nature's nature-based play training, or nature-rich school grounds transformation, to support you to work better with community groups? Think about running pre-school sessions, working with local youth charities, disseminating training locally, deepening a relationship with an existing outdoor group, or anything else which could be a result of working with us.
- Describe any staff roles within the school which have a focus on outdoor learning and play, or on the maintenance of outdoor spaces.
- Please outline any funding or support received since 2019 from projects or grants which have focussed on developing your outdoor learning provision. This might include things like

OPAL (Outdoor Play and Learning), Nextdoor Nature with The Wildlife Trust, or Ernest Cook Trust funding, as well as funding from Tesco Bags for Help, Aviva Community Fund or similar schemes.

- Tell us a bit more about your school grounds, by selecting the types of areas you have within your site:

- Please describe how the different areas are used:

- Describe how the weather (including frost, snow, rain, extreme heat) impacts the usage of your school grounds:

- ...before school?

- ...lunchtime?

- ...breaktime?

- ...outdoor learning – lessons held outside, but excluding PE?

- ...PE lessons?

- ...Forest School / outdoor programmes?

- ...other outdoor activities e.g. gardening club, outdoor assemblies or events?

- ...after school?

- Is there a seasonal variation within this?

- Please describe the seasonal variation:

- How will increasing nature-based play in nature-rich spaces impact on your school's pupils?

- Who will practically support making the changes and oversee their maintenance?

- LtL will support you to engage reputable Landscape Architects or designers with their own insurance to cover the Happy By Nature design process. Successful schools will need to undertake their usual processes when engaging Landscape Architects, Designers or Contractors. Contracts for, and warranties covering, the implemented changes to school grounds will be managed by schools. At the end of the project, LtL will support your school to develop maintenance plans for your new nature-rich play spaces. Please confirm agreement to this.

- We will need all schools to support the documentation and evaluation of this project through photos, verbal feedback and, on occasion, more in-depth information to help reflect on the project and shape possible future work. You may be asked to accommodate photographer visits and gain photo consent from staff, and from parents of children, who will be photographed. There may also be the opportunity to work with a videographer, which would arise from further discussion between all parties. Please confirm that you understand this and are willing to accommodate this.

- By completing this form, you are accepting that your personal data will be stored, used and processed by LtL and WWF-UK according to the organisations' data management policies, best practice and UK GDPR law.

- If you are shortlisted for this project, we will be in touch to outline your roles and responsibilities clearly. These are outlined in the Project Guide. As at the beginning of this application form, please confirm you have read the Project Guide in full before submitting this application
